St. Anthony was strongly attracted to the simple good lifestyle of the Franciscan friars. When St. Anthony died, it is said that the children cried in the streets and that all the bells of the churches rang of their own accord, rung by angels come to earth to honor the death of this saint. St. Anthony is known in Portugal as a marriage saint, because legend has him as a conciliator of couples.

Then it is off to Fatima for Welcome Dinner and overnight

The small town of Fatima is one of the most visited Marian shrines in the world today. But unlike many of Europe's great Marian pilgrimage sites, the sanctity of Fatima dates only from early in the 20th century. Fatima was then a small rural village with no historical or legendary accounts of any religious importance in earlier times. In the years 1916 and 1917 a series of apparitions were seen by three young children that were to profoundly alter both their own lives and the atmosphere of the peasant village.

On the 13th of each month from May to October 1917, the Virgin Mary is said to have appeared to Lúcia dos Santos (age 10) and her cousins Jacinta (age 7) and Francisco Marto (age 9) in a pasture called the Cova da Iria near Fatima. Madrid's vast and lavish Royal Palace was built to impress. The site, on a high bluff over the Rio Manzanares, had been occupied for centuries by a royal fortress, but after a fire in 1734, Felipe V commissioned a truly palatial replacement. Construction lasted 26 years, spanning the reign of two Bourbon monarchs.

The monastery contains important works of art by famous artists like El Greco and Velazquez, and in the Capitulary and the Sacristy Rooms, paintings such as *Joseph's Coat* by Velázquez, *The Last Supper* by Titian, or *The Adoration of the Sacred Host by Charles II* by Claudio Coello are on display.

A large part of the city now lies beyond their perimeter. We will visit the church where St. Teresa had frequent visions and ecstatic experiences. We will also see the Convent of St. Teresa, one of the main destinations for Catholic pilgrims to this area as it is the site that has been sanctified more than any other with the presence of Christ. Barcelona

(B,D)

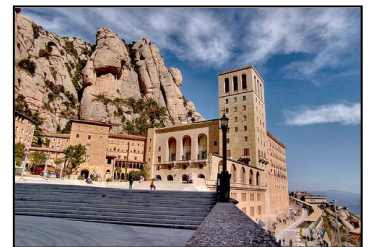

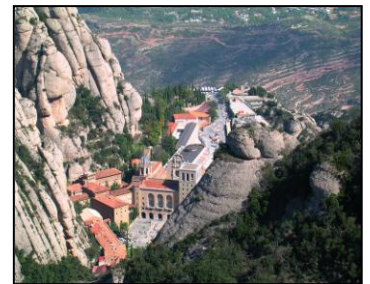

Breakfast at the hotel

Morning visit to Montserrat, one of the most popular pilgrimage destinations in Spain. It is here we journey to the Monastery of Montserrat, located near the top of the 4,000-foot mountain and home to about 80 monks. The monks welcome visitors and invite them to participate in their daily celebrations of Mass and recitations of the Liturgy of the Hours. We'll visit the Basilica, next to the monastery, which houses the revered *La Moreneta*, or Black Virgin, a small Romanesque statue made of wood, with the child Jesus on her lap. The basilica also hosts one of the oldest and most renowned boys' choirs in Europe dating from the 13th century. You might hear them singing "Salve Regina" and the "Virolai" (hymn of Montserrat) in the basilica. The beauty of the landscape adds to our spiritual experience and brings a sweet confirmation of faith. Saint Francis of Assisi and Saint Ignatius of Loyola were drawn here as were many pilgrims of all classes and conditions over the course of a thousand years.

Return to Barcelona for afternoon sightseeing including a visit to the cutting-edge Art Nouveau Sagrada Familia Church, designed by Antoni Gaudí. Gaudí was a devout Catholic in later years and devoted his life to Catholicism and his *Sagrada Família*. He designed it to have 18 towers, 12 for the 12 apostles, 4 for the 4 evangelists, one for Mary and one for Jesus. Gaudí never finished the church and was constantly recreating his blueprints. This has made it very difficult for his workers to complete the church in the fashion Gaudí most likely would have wished. It is for this that Gaudí is known to many as "God's Architect". *La Sagrada Família* is now being completed (as of 2007, completion is planned for 2026), but differences between his work and the new additions can be seen.
